their attack on Mazatlan for the time being, while General Obregon directs his attention to Guadalajara.

Garrison Unconcerned About Mexican Rumors

Upon his return today from a three day rest, Secretary of War Garrison professed to have no concern about reand rebel troops near Vera Cuiz. He declared he has issued no orders for re-enforceing General Funston, and he intimated that the Mexican troop movements have been exaggerated. Funston's report, he said, had shown only comparatively minor Mexican strength. Unaware of the safe arrival of her husband, Vice Consul John R. Silliman at Vera Cruz, Mrs. Silliman today notified the State Department that she had heard nothing from him since his departure from Saltillo. Mrs. Silliman told the State Department tothat she will leave Saltillo for the United States, with several Am

can women, as soon as railroad traf-ic will permit. Consul General Hanna, at Monterey, reported that the rebels are holding Saltillo and that the city is quiet. He said the railroad is open from Mon-terey to Tampico and Mantamoras. Consul Silliman's condition is such, following his imprisonment and trap across to the capital that it may be several days before he will be able to leave Mexico City for Veta Cruz-His original intention was to depart jesterday, but the State Department has been advised that he is recoperat-ing in the Brazilian embassy.

Thirteen Police to Meet Roosevelt at Station Kern Will Speak

Thirteen, regarded as the "lucky" number of the Wilson Administration, will play a conspicuous, if not important, part in former President Roose-

when the colonel arrives at Union Station this afternoon he will be met by a special police detail of thirteen uniformed men, in addition to the plain uniformed men, in addition to the plain clothes men who will be on hand.

The detail will be in command of the Captain Flather, of the Sixth precinct, who will have under him one sergeant and eleven privates. They will assist in keeping the crowds back, and will see that Colonel Roosevelt and his clothed are given a clear passage. see that Colone Robosever and his friends are given a clear passage through the east wing of the station to the waiting automobiles.

All arrangements for a police guard for the former President during his stay in Washington were arranged several days ago by Major Sylvester.

SENATE ASKS DATA ON P. O. DISMISSALS

period concentration of Mexican federal Passes Resolution Calling for Facts Upon Recent Ousting of Old Soldiers.

> The Senate today, without opposition passed the resolution of Senator Jones. of Washington, intended to throw light in the manner in which old soldiers have been ousted from the Postoffice Department, and more especially from the Washington city postoffice. Senator Hoke Smith objected to the

> resolution last Saturday, but he was not present when it came up today. It not present when it o The resolution calls on the Postmaster The resolution calls on the Postmaster General to inform the Senate of the names, ages and length of service of the veterans of any war who since March 4, 1914, have been discharged, demoted or asked to resign from the department, or from the Washington postoffice. It also asks for their efficiency ratings on March 4, 1914, and their ratings when their wars discharged. their ratings on March 4, 1914, and their ratings when they were dis-charged, demoted or asked to resign. No discussion of the measure resulted. When Senator Jones gets the informa-tion, he doubtless will speak upon it and take such steps as he deems are feasible to correct any injustice done the old soldiers.

In Clerks' Behalf Senator Kern of Indiana today ac-

cepted an invitation to address the mass meeting in behalf of the employes recently discharged from the Washingtonton City Postoffice. This meeting will be held next Monday evening at the New Willard. Congressmen Willis and Fess, both of Ohio, already have accepted invitations to speak in behalf of the discharged clerks.

"I welcome the chance to say a word on behalf of both the old soldiers and the other employes dismissed from the Washington City Postoffice," said Sen-ator Kern today.

"Other cases in the departments also

have come to my attention, which call for some sort of action. Among those recently dismissed from one depart-ment were a number of ladies who ment were a number of ladies who ment service.

REDFIELD OPENS

Pleas for Metric System and Accurate Measures Made Before Gathering.

"You preach the gospel of plain truth and a square deal. We need you in our business. I am glad to welcome you and will be glad to see you go from here, lecause it will mean more to the country at large when the deliberations of this body are completed," said Sec-retary of Commerce William C. Redfield before the ninth annual conference on weights and measures, which opened today for a four-day session at the Bureau of Standards. Representatives of practically every State in the Union were in attendance

when Dr. S. W. Stratton, director of the Bureau of Standards, opened the session. After a brief address by the president, L. A. Fischer, chief of the Division of Weights and Measures, re-ported.

Division of Weights and Measures, reported.

Strongly advocating the adoption of the maric system for the United States. Fred R. Drake, of the National Wholesale Grocers' Association in speaking on the "Metric System," offered a plea for the resolution, adopted in 1912, favoring an educational campaign looking to the aventual computary adoption of eventual compulsory adoption metric system.

New Law Faulty, Claim. Dr. Carl L. Alsberg, chief of the Bureau of Chemisty, spoke on the "Net Weight Amendment to the National

Food and Drugs Act," passed by Con-gress in the last days of President Taft's regime, and to become effective

September 1.

'There are, at present, no penalties to enforce the measure soon to become a law. Under the law any food in a package is misbranded uness it contains an exact description of the contents, its net weight and size.

'Dr. Alsberg outlined the difficulties already encountered with the measure.

C. C. Neale, commissioner of weights and measures for Minnesota, gave demonstrations showing the necessity of

monstrations showing the necessity of maintaining scale levers level and the lever connections plumb.

Advocating visits of inspectors of weights and measures to drug stores, weights and measures to drug stores, creameries, and jewelry stores, Fred P. Downing, chief inspector of weights and measures of Wisconsin, declared that the appliances used in these establishments are not tested, as a rule. The adoption of specifications for cream and milk test bottles was advo-cated with the testing of such appli-

Throw Away Your **Eye-Glasses**

mple of pills.

A Free Prescription

ou Can Have Filled and Use at Hon Do you wear glasses? Are you a victim of eye-strain or other eye-weaknesses? If so, you will be glad to know that there is real hope for you, Many whose eyes were failing, say they have had their eyes restored through the principle of this wonderful free prescription. One man says, after trying it; "I was almost blind; could not see to read at all. Now I can read every-thing without any glasses and my eyes thing without any glasses and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazed with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read fine print without glasses." It is believed that thousands who wear glasses can thing seems clear. I can even read fine print without glasses. It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye trouble of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Optona. Fill a two-ounce bottle with warm water, drop in one Optona tablet and allow to dissolve. With this liquid, bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly right from the start and infiammation will quickly disappear. If your eyes are bothering you, even a little, take steps to save them now before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time.—Advt.

NO HEARING TODAY IN WRIGHT CHARGES

No session was held, today by the McCoy subcommittee of the House Jediciary Committee investigating the Wright impeachment charges. hearings will be resumed tomorrow morning, but Mr. McCoy said today the committee had not determined its next line of testimony or the witness

for tomorrow's session George E. Slaybaugh, who testified yesterday regarding the affairs of the Scaled Package Ice Company, in which Justice Wright held stock, practically concluded his story unless the commit-tee, or Attorney Darlington, for Justice Wright, should think of additional questions for cross-examination. That a number of persons, including Justice Wright, were not required to pay for their steck when the bankrupt concern's affairs were closed up was testi-fied by Wr. Slaybaugh, who told of the issuance of blocks of "complimentary" stock. The venture was not a paying

"Things are run here in the District nder the auspices of the Tuesday Evening Club," commented Congressman Reed, a New Hampshire Democrat, at the hearing before the House District Committee today on the Crosser municipal ownership bill. "You mean the Monday Evening

lub?" said Mr. Caraway, of Arkansas, another member of the committee. "Yes," continued Mr. Reed.

add that when members of Congress go to the District building to see about obtaining positions for some one, they are informed in no uncertain terms that the District 'is not the dumping place for the incompetent constituents of members of Congress.' There are 1,500 District of Columbia employes not under the civil service and most of those who remain there were put in by our predecessors, who were of a different political faith."

This comment enlivened another hearing which the committee held on the bill proposing to take over the street railway systems of Washington.

Clark M. Rosecrantz, of Milwaukee. add that when members of Congress

Clark M. Rosecrantz, of Milwaukee, counsel for several Wisconsin public utilities, asserted that municipal owner-ship is a failure in both Furope and He contended that politics always plays a part in municipally-oper-ated utilities, and a subsequent discussion of politics in Washington brought Mr. Reed's comment.

Congressmen Crosser and Igoe observed that there is little politics in the District government. The situation here is more satisfactory, they contended, than in cities where political machines have an influence.

contended, than in cities where political machines have an infuence. The Milwaukee witness did not have a flattering opinion of municipally-owned utilities abroad.

"Why, you ought to see the subways in Paris," he observed. "No self respecting pig would call them clean." I have heard complaint," he said, "that it takes five hours to get a stock quotation telegram from Paris to Liverpool and return. It takes five minutes to get the same telegram by way of the United States."
